INT is hiring: Paid Internship [80-100 %]

INT is looking for a talented [interaction] design intern to join their team in Renens, Switzerland, for a period of 3 to 6 months [with a trial period of 1 month].

You will be working closely with the 3 founders and art directors of INT on various creative projects at the intersection of art, design and technology.

This experience will enable you to increase your skills and knowledge in various domains:

Design, programming, electronic prototyping, making and interactive scenography.

Our clients range from large cultural institutions to corporate companies, architecture studios and promising startups.

Ideal profil

- CFC or BA/MA in design, interaction design, webdesign or/and creative programming.
- Strong experience in web UX and UI design [Figma] as well as front-end web programming [CSS, HTML, Javascript]
- Good knowledge of Adobe Creative Suite
- Good knowledge Unity 3D is a plus
- Good ability in fabrication/making, electronic prototyping and soldering is a plus
- Able to adapt: flexible, curious and creative personality
- Able to work with strict deadlines.
- Languages: ideally we are looking for somebody who is fluent in both French and English.

Our team

INT studio brings together a multidisciplinary and motivated team of 5 persons with a diverse skill-set in art direction, software programming, and product/engineering design. INT was founded by Laura Perrenoud, David Colombini, and Marc Dubois, who met at ECAL [Ecole Cantonale d'Art de Lausanne] while studying Media and Interaction Design.

When

Ideally starting from the 15th of May
2023

How long ?

3 to 6 months, extension possible.

Where

Les Ateliers de Renens, Chemin du Closel 5, 1020 Renens [Switzerland]. Our studio is located in Les Ateliers de Renens near Lausanne, Switzerland, a building that houses startups, Fab Lab and a makerspace.

Salary

CHF 1500.- / month.

To be discussed based on your experience.
